Re: *SUPPLEMENT* – Section 63.71 Application of Verizon Wireless for Authority to
Discontinue the Provision of Verizon Hub Service
WC Docket No. 11-126, Comp. Pol. File No. 997

Dear Ms. Dortch:

At the request of Wireline Competition Bureau staff, and on behalf of Verizon Wireless, this letter hereby supplements the above-referenced application with the following clarification information:

- The email form of notice provided to Verizon Wireless employees at Attachment A of the application is consistent with the company's method of account-related correspondence for those customers. As these employees subscribed to the Verizon Hub offering via their employment with Verizon Wireless, all significant customer care and account-related correspondence was handled via the employees' internal corporate email throughout the term of service.
- Verizon Wireless did not offer the Verizon Hub service in Alaska and Puerto Rico.

Please contact me if there are additional questions concerning the Application.

Sincerely,

/s/

Robert G. Morse
